

When taking off from RWY 04 or landing on RWY 22, overfly road at min. height 15 m AGL. Overhead high-voltage power line is situated 700 m from THR RWY 04. SLZ field is located in MCTR Pardubice. A clearance from MTWR Pardubice on FREQ 120.155 or ☎ +420 973 242 440 is required for arrival.

Do not overfly the villages Kunětice and Ráby! Upon arrival, always perform an aerial inspection of the SLZ field due to potential activities of model aircraft operators or maintenance work on SLZ field. Exercise caution regarding MIL and GA traffic in the vicinity of entry and holding points of LKPD. The SLZ field is located within the approach path (base leg) to LKPD for RWY 27 at LKPD.

PARDUBICE
VĚŽ/TWR **120,155**

As needed by the operator. Year-round, depending on the current condition of the runway. Snow removal is not guaranteed.
