GEN-7 METEOROLOGICAL SERVICES

7.1 General

7.1.1 Within FIR Praha the Aeronautical information service to civil aviation is provided especially by means of:

a) Meteorological warning service for FIR Praha
b) Aeronautical meteorological reports METAR/SPECI and METREPORT/ SPECIAL
c) Forecasts in accordance with Chapter 6 and Appendix 5 to ICAO Annex 3
d) Service for operators and flight crew members according to Ch. 9 and App. 8 to ICAO Annex 3 (flight documentation, briefing and debriefing, consultation etc.)

7.1.2 Meteorological information can be obtained at the bellow mentioned meteorological stations or within selfbriefing atibs.rlp.cz and also on the website of CHMU.

On these pages, you can find all products issued by OLM ČHMÚ (messages, forecasts, warnings), as well as maps of significant weather, wind, temperature, pressure, icing, satellite and radar information. This information is also available on the website: meteo.rlp.cz

7.1.3 Meteorological reports METAR/SPECI and SIGMET information for FIR Praha containing current meteorological information are broadcasted by means of continuous and repetitive voice broadcast VOLMET on FREQ 125.525 MHz and ☎ +420 220 378 100.

7.2 Responsibility for the provision of MET

7.2.1 Aeronautical meteorological services in the Czech Republic are provided by the following organizations:

7.2.1.1 Czech Hydrometeorological Institute

Czech Hydrometeorological Institute
Na Šabatce 2050/17
143 06 Praha 412 − Komořany
☎ +420 244 031 111
🖷 +420 241 760 689
chmi@chmi.cz
data box identifier: e37djs6

7.2.1.1.1 Section of Aeronautical Meteorology

Czech Hydrometeorological Institute (CHMI) secures the provision of aeronautical meteorological service (METS) through the Section of the Aeronautical Meteorology (SAM) CHMI, which is responsible for its performance at the aerodrome meteorological offices and aeronautical meteorological stations at airports LKPR, LKMT, LKTB and LKKV.

Czech Hydrometeorological Institute
Section of the Aeronautical Meteorology of the CHMI
Na Šabatce 2050/17
143 06 Praha 412 − Komořany
☎ +420 244 032 231
blanka.chalupnikova@chmi.cz

7.2.1.2 Aircraft Industries, a.s.

Letištní meteorologická služebna a letecká meteorologická stanice KUNOVICE
Na Záhonech 1177
686 04 Kunovice
☎ +420 572 817 630
meteo@let.cz
www.let.cz

7.2.1.3 AERO Vodochody AEROSPACE a.s.

Letecká meteorologická stanice PRAHA/Vodochody
U letiště 374
250 70 Odolena Voda
☎ +420 255 762 609
meteo@aero.cz
www.vodochody-airport.cz

7.2.1.4 Jihočeské letiště České Budějovice a.s.

Aeronautical meteorological station České Budějovice
U Zimního stadionu 1952/2
370 01 České Budějovice
☎ +420 386 325 339 ☎ +420 725 036 721
twr@airport-cb.cz
http://www.airport-cb.cz

7.2.1.5 The Military Geographic and Hydrometeorological Office

The Military Geographic and Hydrometeorological Office (MGHO) ensures the provision of aeronautical meteorological service at military airports and at the airports with common military and civil operations. MGHO directs airport workplaces of aeronautical meteorological service with local authority at LKKB, LKPD, LKCV and LKNA airports.

The Military Geographic and Hydrometeorological Office
Čs. odboje 676
518 16 Dobruška
☎ +420 973 247 511
🖷 +420 973 247 620
