

LKBU Bubovice

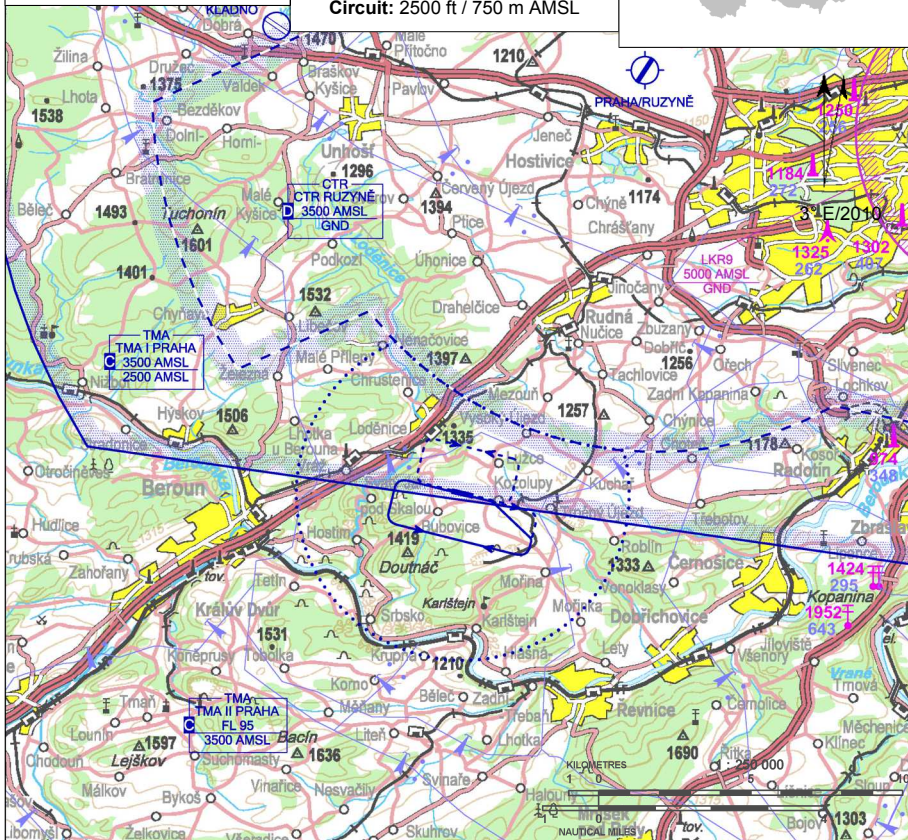

S Public domestic aerodrome

X VFR day

Bubovice RADIO
134,305

ARP: 49° 58' 28" N, 14° 10' 41" E
7,5 km from the centre of
Beroun, GEO 080
0,9 km from the centre of
village Bubovice, GEO 055
ELEV: 426 m
Circuit: 2500 ft / 750 m AMSL

The traffic circuit pattern is modified to avoid village Kozolupy due to noise abatement in maximum possible cases, except for training flights and extraordinary cases with observing of take-off and approach safety.

Local operation of ultralight aircraft (sporting flying equipments) and powered aeroplanes is not permitted after 1700 UTC. Only arrival or departure is possible.

An operation of powered paragliders in ATZ is possible only south of RWY 10R/28L centreline outside the traffic circuit of RWY 10R/28L. In this case two-way radio communication is not required.

Restricted traffic operation in Aerodrome Traffic Zone (ATZ) and LKBU flying area results from the vicinity of CTR Ruzyně, TMA I Praha and TMA II Praha.
